1. INTRODUCTION

As a maintained primary school, we must provide relationships education to all pupils under section 34 of the [Children and Social Work Act 2017](#).

We are not required to provide sex education, but we do need to teach the elements of sex education contained in the science curriculum.

In teaching RSE, we must have regard to [guidance](#) issued by the secretary of state, as outlined in section 403 of the [Education Act 1996](#).

We must also have regard to our legal duties set out in:

- Sections 406 and 407 of the Education Act 1996
- Part 6, chapter 1 of the [Equality Act 2010](#)
- The Public Sector Equality Duty (as set out in section 149 of the Equality Act 2010). This duty requires public bodies to have due regard to the need to eliminate discrimination, advance equality of opportunity and foster good relations between different people when carrying out their activities.

At Primary Advantage, we use a curriculum called Jigsaw. We are confident that the Jigsaw Programme covers all aspects of Relationships, Sex and Health Education (RSHE) within the context of a full PSHE programme in an age-appropriate way. The Jigsaw Programme meets all the outcomes in the PSHE Programmes of Study and the statutory guidance.

2. AIMS OF POLICY

The aims of relationships and sex education (RSE) at our schools are to:

- Provide a framework in which sensitive discussions can take place
- Prepare pupils for puberty, and give them an understanding of sexual development and the importance of health and hygiene
- Help pupils develop feelings of self-respect, confidence and empathy
- Create a positive culture around issues of sexuality and relationships
- Teach pupils the correct vocabulary to describe themselves and their bodies

3. POLICY DEVELOPMENT

This policy has been developed in consultation with staff, pupils and parents. The consultation and policy development process involved the following steps:

1. Review – a member of staff or working group pulled together all relevant information including relevant national and local guidance
2. Staff consultation – all school staff were given the opportunity to look at the policy and make recommendations
3. Parent/stakeholder consultation – parents and any interested parties were invited to attend a meeting about the policy
4. Pupil consultation – we investigated what exactly pupils want from their RSHE
5. Ratification – once amendments were made, the policy was shared with governors and ratified
6. Review - following the first 3 years of implementation, the policy has been reviewed by leaders. Parents have been given the opportunity to feedback and ask questions. As a result

of the review, we are linking the [Jigsaw materials which explain the approach to gender identity](#) to the policy.

4. DEFINITION OF RELATIONSHIPS, SEX AND HEALTH EDUCATION (RSHE)

RSHE is about the emotional, social and cultural development of pupils, and involves learning about relationships, sexual health, sexuality, healthy lifestyles, diversity and personal identity.

RSHE involves a combination of sharing information, and exploring issues and values.

RSHE is not about the promotion of sexual activity.

5. COMPULSORY ASPECTS OF RELATIONSHIPS, SEX AND HEALTH EDUCATION

End of primary expectations and curriculum content is given in the Relationships Education, Relationships and Sex Education, and Health Education DfE guidance (2019). Where a school delivers this as part of a whole programme of PSHE, such as Jigsaw, they are free to continue with this approach.

- 'All children, including those who develop earlier than average, need to know about puberty before they experience the onset of physical changes' (1.13)
- Children should learn 'how a baby is conceived and born' before they leave primary school (1.16)

RSHE plays a very important part in fulfilling the statutory duties all schools have to meet. RSHE helps children understand the difference between safe and abusive relationships and equips them with the skills to get help if they need it. It also teaches them about the importance of a healthy lifestyle and positive mental health and about online and off line safety. Schools have responsibilities for safeguarding and a legal duty to promote pupil well-being (Education and Inspections Act 2006 Section 38).

- Sex and Relationships Education (SRE) is an important part of PSHE Education (DfE, 2014).
- When any school provides RSHE they must have regard to the Secretary of States guidance; this is a statutory duty. Ofsted will evaluate how schools help to ensure a healthy lifestyle for their children (Ofsted, 2019, Education Inspection Framework Para 28).
- It is compulsory for all maintained schools to teach the parts of sex education that fall under National Curriculum Science which must be taught to all pupils of primary and secondary age e.g. the biological aspects of puberty and reproduction (Education Act 1996, National Curriculum 2014).

RSHE has clear links with other school policies aimed at promoting pupils' spiritual, moral, social and cultural development, including the:

-
- Anti-Bullying Policy
- Behaviour Policy
- Confidentiality Policy
- Equal Opportunities Policy
- Health and Safety Policy
- ICT Policy and Safe Internet Use Policy
- Inclusion Policy

- RE Policy
- Safeguarding/Child Protection Policy
- SMSC Policy
- Special Educational Needs Policy

6. CURRICULUM

We follow the Jigsaw curriculum which is set out as per Appendix 1.

The curriculum has been developed taking into account the age, needs and feelings of pupils. If pupils ask questions outside the scope of this policy, teachers will respond in an appropriate manner so they are fully informed and don't seek answers online.

Primary sex education will focus on:

- Preparing boys and girls for the changes that adolescence brings
- How a baby is conceived and born

For more information about our curriculum, see our curriculum map in Appendix 1.
